

Application for ASSOCIATE Member Representative

“Associate member” means any individual, public authority or other corporate body that has applied for membership under rule 5(1)(b). An Associate member has no voting rights. Associate membership is available to any individual who resides in the LBG Area of Management and has an interest in managing pests within the LBG Area of Management and who are willing to contribute.

Applicant’s Full Name:

Address of property located within LBG Inc. Operational Area:

Postal address (if different from address listed above):

Email:

Telephone:

Reason for applying for Associate membership:

I declare that I am a representative for the property listed above. If my application is successful, I agree to be bound by the Rules of the Association:

(Signature)

(Date)

INFORMATION FOR APPLICANTS

A copy of the Rules of Association is available on our website: www.lbginc.org.au

A person who wishes to become a full member of the Leschenault Biosecurity Group Inc. must be proposed by one member and seconded by another member.

If your application is accepted, your name and address, as provided above, must be recorded in a register of members and be made available to other members upon request under section 53 of the *Associations Incorporation Act 2015*.

An applicant whose application for membership of the Association is rejected under sub-rule (4) must, if they wish to appeal against that decision, give notice to the Secretary of their intention to do so with additional supporting documentation as to why they should be accepted, within a period of 14 days from the date of the rejection.

Leschenault Biosecurity Group inc. (LBG) is a community based not for profit whose purpose is to protect the region's diverse land uses and natural values against the significant impacts of pests – both animal and plant – through cooperation and collaboration. We work with landowners and land managers across the Leschenault Biosecurity Region to support and encourage consistent, integrated and cooperative management of priority pests – as determined by community – at a landscape scale across tenure.

We encourage our community to be an active voice in the management of priority pests. Tell us about your pest and weed management concerns, ask for advice and report sightings.

Ngala kaaditj Noongar moort keyen kaadak nitja boodja

We acknowledge the Noongar people as the traditional custodians of the land on which we we live and work.
