3.	_____	_____	_____	_____
4.	_____	_____	_____	_____
5.	_____	_____	_____	_____
6.	_____	_____	_____	_____
7.	_____	_____	_____	_____
8.	_____	_____	_____	_____

Thank you for your participation in the State NRM grant funded programme, Four LGAs, One Weed. Your support and active involvement in this targeted Arum Lily control programme is instrumental in helping to control the spread of this invasive species, protecting our environment, and preserving the biodiversity of our ecosystems. Working together, we can better protect our beautiful and unique area and make a significant impact in protecting our region's biodiversity for a more sustainable future.

Please contact Leschenault Biosecurity Group if you have any related questions or wish to discuss:
